## The Kalakeswara swami Temple

The Requirements of the Sri Kalakeswara swami temple may be divided into three divisions, viz:—

(i) Repairs to the temple
(ii) Scale of pilgrim expenditure.
(iii) Water supply to the town.

These three divisions will be dealt with separately below.

8. (i) Repairs. The Chief Engr. having submitted in January 1922, an estimate aggregating Rs 17,685 for the repairs of this temple, Govt considered that expenditure should be limited to the funds available at the credit of the temple which were Rs 6178 at the time, sanctd in order No. 586-8 Mag 14 5-10-8 & 1-8-22, these repairs for Rs 4630 which was subsequently raised to Rs 5173 (vide G.O. No. 1240-2 Mag 5 5-23-10 & 12-3-24.)

9. Certain damages were reported to have been caused to the temple, viz. compd wall &c, and an estimate for Rs 1040 was sanctd by the Mad: Comr for reconstructing the Sri Samaparthy temple at Vanisvaranam and he reported that the Engr Comr had promised to attend to small damages which were within his powers of sanction. (Vide Mag 5 5-23-9)

NOTE—Contn. Sheet

Serial No.

ii) Scale of Expenditure.

The original Tandik portion of the temple was sanctd. so long ago as 1897, and G.O.N° 2080-2nd/mar: 45-06 & 25.8.12 revised the scale of Supplies in the temple & fixed the total charges at Rs 316 per month as against Rs 264 in the original Tandik rate. Extraordinary Expenditures have been ~~been~~ receiving the special sanction of Govt from time to time (vide Mar: 400-20 as regards Rathotsavam of 1924) × V.

11) During the recent Provincial tour of the Devasom Board in the District of Shencotta, Madura & Kasaba in January and Feb.y 1923, the Devasom Board made certain remarks in the tour notes about the general requirements of the temple; and in the G.O N. 628-31/mar 31-24-2 & 3-11-24 recently issued in the matter of the revision of the scale of income and Expenditure of the temple is one of the items about which action has been ordered to be taken soon. × U

12) (iii) Water supply & Road to town

The question of water supply to the town though not strictly a matter to be dealt with in the Manual deserves

NOTE—Contn. Sheet

Serial No

has been taken up for consideration in this Dept. As the town owes its unfortunate name to the existence of the temple and the water facility is reqd. for a large no. of pilgrims visiting the place for devotional purposes. The question is pending with the Chief Engr. As their file 385-20 linked hereto will show. The Chief Engr. promises to send up the projects for water supply to the town as demanded in red from the Chief Engr. water supply Dept.

(3) In the order above referred to, it has been decided that this question should be decided early.

Sd/
24 12 21

45 am

(4) It has been brought to my notice that there is a very large number of temple servants on receipt of paltry allowances & many who are no service. Some of them may even attend & that too not by name & may well be retained & their emoluments increased, so that their presence at the temple & the regular attendance & performance of their respective services can be enforced. The Govt may be pleased to consider NOTE Contd. Slip. the above

32 There are 75 hands now & the number is proposed to be reduced by 10.

33. The scales of expenditure of the Seringapatam, Ranganathpur & Chamarajnagar Temples are put up.

27.4.27

34. There is no appreciable reduction in the number of servants in the temple but it is desirable to have as many people as possible in the village & the neighbourhood interested in the temple. The scale proposed seems also to be suitable. The only danger is that in this out of the way place, all that is supposed to be spent on the temple worship is not spent there. Such misapplication of temple money has to be prevented by supervision of the Amildar of the Taluk. The proposals may be sanctioned

3/5

14

D 1483

Mucr 31-24-6.

SIR,

In continuation of this office letter C.No. 470/25-26 dated 9th Feb 1927 I have the honour to submit herewith proposals for fixing a revised ~~scale~~ Scale of income and expenditure in the temple of Sri Kalaseswaraswami at Kalasa, Mudgere Taluk.

The original tasdik patti was fixed by the late Rai Bahadur Mr. A.S. Charlu on 4th September 1897 on representations made at the meeting of the Dasara Representative Assembly that an increase of pay may be allowed to the temple establishment, Government was pleased to sanction in their order No.2880-2/Mf.45-06 dated 25th May 1912 a revision ~~verification~~ so far as only the establishment was concerned. The expenditure under other items remains the same. Owing to the abnormal rise in price of food grains and other articles and the enhancement of the rates of wages increased expenditure is unavoidable and in the absence of a revised scale patti additional expenditure under essential items is being sanctioned every now and then on the recommendations of the Deputy Commissioner.

With a view to systematise the expenditure and to meet the growing needs of the temple, proposals for suitably raising the pay of some of the temple servants and the allotments under other ~~claims~~ items have been under consideration for a considerable time, and the proposals now submitted include only such items of essential importance that past experience has shown require increase. I have made some enquiries on the spot.

The income accruing to the temple annually has been arrived at on the most accurate data available and having regard to the possibilities of increase due to better ability of the forest and kindered resources and the doubtful of tea cultivation in the locality the increase now proposed

is such that the institution can bear without serious curtail of its financial resources.

The instalments due by the Sri Sivaganga Matha have fallen in arrears as the institution is working with a heavy debit balance and as proposals for fixing a revised scale ~~making~~ making adequate provis for the repayment of the loans have not yet matured. Proposals in behalf will be separately submitted.

Even admitting that the instalments together with the interest due will be slow incoming it will not in any way affect the financial position of the temple, as even in that case the recurring surplus will be more than ₹ 1,000/- a year.

In revising the scale of pay, the instruction conveyed in your letter of the 7th January 1925 have been followed Consistent with the efficient management of the endowed properties and the conduct of regular service in the main and attached temples. Increases wherever necessary have been allowed only after a careful and judicious consideration of all attendant circumstances.

In these circumstances I am of opinion that the present revision proposals which are agreed to by the Dharmadarsis and the local office s may be safely undertaken and beg accordingly sanction of Government to the scale as exhibited in the accompanying statements.

The file of connected papers is enclosed for reference and kind return.

I have the honour to be,
Sir,
Your most obedient servant,

Muzrai Commissioner.

SM.

Letter No. 970 of 1925-26 dated the 12th April 1927 from the Muzrai Commissioner in Mysore, to the Secretary to Government, Financial Department.

---

In continuation of this office letter No. C. 970 of 1925-26 dated the 9th February 1927, I have the honor to submit herewith proposals for fixing a revised scale of income and expenditure in the temple of Sri Kalaseswaraswami at Yalwar, Mudgere Taluk.

The original tasdik patti was fixed by the late Rai Bahadur Mr. A. Srinivasa Charlu on 4th September 1897 on representations made the meeting of the Dasara Representative Assembly that an increase of pay may be allowed to the temple establishment, Government was pleased to sanction in their order No. 2880-2/Muz.F-45-06 dated 20th May 1912 a revision so far as only the establishment was concerned. The expenditure under other items remains the same. Owing to the abnormal rise in price of food grains and other articles and the enhancement of the rates of wages, increased expenditure is unavoidable and in the absence of a revised scale patti additional expenditure under the usual items is being sanctioned every now and then on the recommendations of the Deputy Commissioner.

With a view to systematise the expenditure so as to meet the growing needs of the temple, proposals for suitably raising the pay of some of the temple servants and the allotments under other items have been under consideration for a considerable time, and the proposals now submitted include only such items of essential importance the past experience has shown require increase. I have made some enquiries on the spot.

The income accruing to the temple annually has been arrived at on the most accurate data available and having regard to the possibilities of increase due to better stability of the forest and kindered resources and the doubtful prospects of tea cultivation in the locality the increase now proposed is such that the installation

can bear without serious curtailment of its financial resources.

The instalments due by the Sri Sivaganga Matha have fallen into arrears as the institution is working with a heavy debit balance and as proposals for fixing a revised scale making adequate provision for the repayment of the loans have not yet matured. Proposals in this behalf will be separately submitted.

Even admitting that the instalments together with the interest due will be slow in coming it will not in any way affect the financial position of the temple, as even in that case the recurring surplus will be more than Rs. 1,000/- a year.

In revising the scale of pay, the instructions conveyed in your letter of the 7th January 1925 have been followed consistent with the efficient management of the endowed properties and the conduct of regular service in the main and attached temples. Increases wherever necessary have been allowed only after a careful and judicious consideration of all attendant circumstances.

In these circumstances, I am of opinion that the present revision proposals which are agreed to by the Dharmadarsis and the local Officers may be safely undertaken and beg accordingly sanction of Government to the scale as exhibited in the accompanying statements.

The file of connected papers is enclosed for reference and kind return.

---

Statement showing the existing and the revised scale of expenditure Sri Kalaseswaraswami Temple at Kalasa, Mudegere Taluk.

| | Items of expenditure. | Existing R. a p | Revised R. a p. | Remarks. |

## ANNEXURE.

*Letter No. 970 of 1925-26, dated the 12th April 1927, from the Muzrai Commissioner in Mysore, to the Secretary to Government, Financial Department.*

In continuation of this office letter No. C. 970 of 1925-26, dated the 9th February 1927, I have the honor to submit herewith proposals for fixing a revised scale of income and expenditure in the temple of Sri Kalaseswaraswami at Kalasa, Mudgere Taluk.

The original tasdik patti was fixed by the late Rai Bahadur Mr A. Srinivasa Charlu on 4th September 1897, on representations made at the meeting of the Dasara Representative Assembly that an increase of pay may be allowed to the temple establishment. Government were pleased to sanction in their Order No. 2880-2—Muz. F. 45-06, dated 25th May 1912, a revision so far as only the establishment was concerned. The expenditure under other items remains the same. Owing to the abnormal rise in price of food grains and other articles and the enhancement of the rates of wages, increased expenditure is unavoidable and in the absence of a revised scale patti, additional expenditure under essential items is being sanctioned every now and then on the recommendations of the Deputy Commissioner.

With a view to systematise the expenditure and to meet the growing needs of the temple, proposals for suitably raising the pay of some of the temple servants and the allotments under other items have been under consideration for a considerable time, and the proposals now submitted include only such items of essential importance that past experience has shown require increase I have made some enquiries on the spot.

The income accruing to the temple annually has been arrived at on the most accurate data available and having regard to the possibilities of increase due to better ability of the forest and kindred resources and the doubtful prospects of tea cultivation in the locality, the increase now proposed is such that the institution can bear, without serious curtailment of its financial resources.

The instalments due by the Sri Sivaganga Matha have fallen into arrears as the institution is working with a heavy debit balance and as proposals for fixing a revised scale making adequate provision for the repayment of the loans have not yet matured. Proposals in this behalf will be separately submitted.

Even admitting that the instalments together with the interest due will be slow in coming, it will not in any way affect the financial position of the temple, as even in that case the recurring surplus will be more than Rs. 1,000 a year.

In revising the scale of pay, the instructions conveyed in your letter of the 7th January 1925, have been followed consistent with the efficient management of the endowed properties and the conduct of regular service in the main and attached temples. Increases wherever necessary have been allowed only after a careful and judicious consideration of all attendant circumstances.

In these circumstances, I am of opinion that the present revision proposals, which are agreed to by the Dharmadarsis and the local Officers, may be safely undertaken and beg accordingly sanction of Government to the scale, as exhibited in the accompanying statements.

The file of connected papers is enclosed for reference and kind return.

## No. 2409-10—Muz. 31-24-7, dated 30th June 1927.

---

**Sri Kalaseswaraswami Temple.**

Sanctions the revision of the scale of income and expenditure of —— at Kalasa Mudgere Taluk.

---

READ—

Government Order No. 2880-2—Muz. F. 45-06, dated the 25th May 1912, sanctioning a revision of the scale of expenditure on account of establishment of the Sri Kalaseswaraswami temple at Kalasa in the Mudgere Taluk.

2. Correspondence ending with letter No. C. 970 of 1925-26, dated the 12th April 1927, from the Muzrai Commissioner in Mysore, submitting for sanction proposals for a revision of the scale of income and expenditure of the temple.

Printed as annexure.

ORDER NO. 2409-10—MUZ. 31-24-7, DATED 30TH JUNE 1927.

The proposals involve an expenditure of Rs. 11,703 against an income of Rs 12,900 and have been agreed to by the Dharmadarsis. Government are pleased to sanction them with effect from 1st July 1927.

B. SRINIVASA IYENGAR,
*Secretary to Government,*
*Financial Department.*

To—The Muzrai Commissioner in Mysore, (returning vernacular records).
The Comptroller to the Government of Mysore.

EXD.—P. S. R. N.

No. 2409-10—Muz. 31-24-7, dated 30th June 1927.

## ANNEXURE.

*Letter No. 970 of 1925-26, dated the 12th April 1927, from the Muzrai Commissioner in Mysore, to the Secretary to Government, Financial Department.*

In continuation of this office letter No. C. 970 of 1925-26, dated the 9th February 1927, I have the honor to submit herewith proposals for fixing a revised scale of income and expenditure in the temple of Sri Kalaseswaraswami at Kalasa, Mudgere Taluk.

The original tasdik patti was fixed by the late Rai Bahadur Mr A. Srinivasa Charlu on 4th September 1897, on representations made at the meeting of the Dasara Representative Assembly that an increase of pay may be allowed to the temple establishment. Government were pleased to sanction in their Order No. 2880-2—Muz. F. 45-06, dated 25th May 1912, a revision so far as only the establishment was concerned. The expenditure under other items remains the same. Owing to the abnormal rise in price of food grains and other articles and the enhancement of the rates of wages, increased expenditure is unavoidable and in the absence of a revised scale patti, additional expenditure under essential items is being sanctioned every now and then on the recommendations of the Deputy Commissioner.

With a view to systematise the expenditure and to meet the growing needs of the temple, proposals for suitably raising the pay of some of the temple servants and the allotments under other items have been under consideration for a considerable time, and the proposals now submitted include only such items of essential importance that past experience has shown require increase I have made some enquiries on the spot.

The income accruing to the temple annually has been arrived at on the most accurate data available and having regard to the possibilities of increase due to better ability of the forest and kindred resources and the doubtful prospects of tea cultivation in the locality, the increase now proposed is such that the institution can bear, without serious curtailment of its financial resources.

The instalments due by the Sri Sivaganga Matha have fallen into arrears as the institution is working with a heavy debit balance and as proposals for fixing a revised scale making adequate provision for the repayment of the loans have not yet matured. Proposals in this behalf will be separately submitted.

Even admitting that the instalments together with the interest due will be slow in coming, it will not in any way affect the financial position of the temple, as even in that case the recurring surplus will be more than Rs. 1,000 a year.

In revising the scale of pay, the instructions conveyed in your letter of the 7th January 1925, have been followed consistent with the efficient management of the endowed properties and the conduct of regular service in the main and attached temples. Increases wherever necessary have been allowed only after a careful and judicious consideration of all attendant circumstances.

In these circumstances, I am of opinion that the present revision proposals, which are agreed to by the Dharmadarsis and the local Officers, may be safely undertaken and beg accordingly sanction of Government to the scale, as exhibited in the accompanying statements.

The file of connected papers is enclosed for reference and kind return.

## No. 2409-10—Muz. 31-24-7, dated 30th June 1927.
